

Horningsea Churchyard

Sunday 23 February from 2pm

Come to the churchyard to see how we can create some corners with native plants to attract bug, bees, insects, wildlife.

If you are available could you come along with ideas for plants, (and a pair of secateurs so we can clear some spreading ground ivy!).

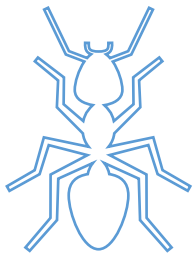

Kit Buchdahl and other interested botanists from the village will come too.

Help Richard Pleasants in building a bug hotel

There will be tea available, and pancakes afterwards!

Outline timetable:

2pm Building a bug hotel - with Richard Pleasants

2 - 4pm Working party in the churchyard

3pm Forest Church (for those wishing to attend)

4pm Pancakes for all!!!
